## Orleans County site deemed shovel ready

Updated: May 18, 2015, 03:07 PM Published: May 18, 2015, 03:07 PM

The Sandstone Development Site, formerly called the Keppler Site, in the Town of Shelby in Orleans County has been declared “shovel ready” by New York state. As such, the 125-acre site is ready for development as a multi-tenant business and technology park.

The site is on Maple Ridge Road, directly south of the existing Medina Business Park

Empire State Development said utilities, including electricity, gas, water, sewer and fiber, are available to the site.

For more information on the Sandstone Development Site, visit [www.orleansdevelopment.org/projects](http://www.orleansdevelopment.org/projects) or contact (585) 589-7060 ext. 104 or 105.
